Grayling Boy Scout elected as Lodge Chief

by Dan Sanderson
Staff Writer

A Grayling Boy Scout has been selected to serve as the head chief for hundreds of Scouts in northeastern Lower Michigan.

Storm Shriver, the son of Lynne and Dave Shriver, was elected to serve as the Lodge Chief for the Order of the Arrow Mischigonong Lodge #89 last month. Shriver is the first Boy Scout from Grayling to earn the honorable leadership position in the lodge's 36-year history.

The Order of the Arrow is Boy Scouts of America's national honor society.

The Order of the Arrow was founded by Dr. E. Urner Goodman and Carroll A. Edson in 1915 at the Treasure Island Camp of the Philadelphia Council, Boy Scouts of America.

The Mischigonong Lodge #89 includes 19 counties in the northeastern Lower Peninsula. Mischigonong is an Ottawa Indian word that means "land of the Great Lakes."

The Mischigonong Lodge #89 was formed in 1971 by the Lake Huron Area Council, #265, Boy Scouts of America, combining three former lodges in the region.

There are over 500 members in the lodge, which are voted in by their fellow brothers in the local Troops.

Surveys sent for master plan update

by Dan Sanderson
Staff Writer

Grayling City officials are seeking input from citizens and business owners to help guide the community's future.

Surveys are being sent out to about 800 city residents and business owners, who receive their water bills at addresses in the city, seeking input for an update of the city's master plan.

A master plan is a document that will be used to guide the city's zoning and growth for the next five to 20 years.

The city's last master plan was done in 1997.

Grayling City Manager David Thayer said residents would be asked about how the town should look, what mix of businesses they would like in the community, what types of businesses they would like to attract to Grayling and where future growth should occur.

City officials are hoping to have the surveys returned by Thursday, Sept. 20.

A meeting to gather input for the master plan will also be held at 7 p.m. on Monday, Sept. 17 at

Officials tackle fire department mold issue

by Dan Sanderson
Staff Writer

Three years after moving to the new Grayling City/Township Fire Department, officials are dealing with a moldy problem in the building.

Grayling Township and City of Grayling officials are moving forward with a \$25,734 remediation plan to remove mold from the fire department and upgrade the air exchange system for the building.

The Grayling City/Township Fire Department, which cost \$849,939 to build, opened three years ago.

Last fall, fire department officials noticed mold growing on the walls in the department where the trucks are parked and equipment and gear are stored.

Exposure to mold can cause nasal stuffiness, throat irritation, coughing or wheezing, eye irritation, or, in some cases, skin irritations, according to the Center for Disease Control. People with mold allergies may have more severe reactions, including such condition as obstructive lung disease, or may get serious infections in their lungs when they are exposed to mold.

"It's definitely a health issue

where the trucks are parked - the walls are turning black," said Grayling City/Township Fire Chief Russ Strohpaal.

Gaylord architect Brad Butcher, who designed the building, has been working with the city officials to address the issue.

Grayling City Manager David Thayer said that the heated floor, used in the area where fire trucks are stored, creates humidity in the bays from the water coming off the trucks after a fire run or when the trucks are washed.

Thayer said chemists, who have come in to test the building, said an airborne agent used in a weed killer at the Grayling Army Air Field comes into the building, creating the conditions for mold to grow.

Thayer said the mold is a safety issue due to the breathing apparatuses and turn out gear the fire fighters use, which are kept in the area where the mold is growing.

"When the floor heat is on, it's like a sauna in there, and it's a very serious issue that we've got to address," Thayer said.

City to monitor traffic safety at intersection

by Dan Sanderson
Staff Writer

Grayling city officials are taking steps to address a safety concerns at a busy intersection on the north side of the community.

A report from a citizen and a study of accidents has prompted Grayling City officials to look into addressing safety issues at the intersection of Lake Street and Erie Street.

Grayling City Manager David Thayer said he received a letter from resident Kami Wellman, reporting several near collisions from motorists who fail to come to a complete stop at the two stop signs on Lake Street.

"There are kids riding bikes, people walking and nearly half the cars don't bother to stop,"

Wellman said.

Thayer said that there have been six accidents at the intersection, some serious, over the last six years.

Lake Street is used as a route for motorists traveling between M-72 West and to North Down River Road, as well as to north bound I-75.

"Because it's a strait shot, people just zip right down it," Thayer said.

Grayling City Police Chief Karl Schreiner recently surveyed traffic at the intersection, and observed 70 cars travel through the intersection in 30 minutes.

"That's a lot of traffic in a half-hour," Thayer said.

So far, city officials have eliminated the possibility of making the intersection a four-

way stop

Officials are considering having some of the overgrown trees near the intersection trimmed to increase the visibility on Lake Street.

City police officers have also been directed to set up regular patrols at the intersection, issuing tickets to people who fail to stop at the stop signs.

"If we write a few tickets, maybe people will stop at the intersection and will start driving with care," Thayer said.

Wellman said she was pleased to receive a response to her concerns from Grayling City administrators and the Grayling City Council.

"I know they are busy, but something needs to be done because this is for the safety of everybody," Wellman said.

"This is the public's chance to shape what will be going on in the community," Thayer said.

Officials and consultants will compile the input, and will hold a follow up meeting in October.

City offers downtown construction project schedule

Grayling City officials have developed a schedule to inform city residents of road closures for the \$1.3 million streetscape project.

People doing business downtown are encouraged to park at the Crawford County Courthouse and Norway Street while work is being done on Michigan Avenue, west of the I-75 Business Loop. The city has also approved a lease with Bill Gannon, the owner of the former Chief Shoppenagon's Motor Motel, to lease the parking lot behind the building to the city for use during the downtown beautification project.

Residents are also encouraged

to use the rear entrances of the businesses, where available, during construction.

Following is the construction schedule from Grayling City Manager David Thayer:

Sheriff says be wary of check scams

by Dan Sanderson
Staff Writer

Crawford County Sheriff Kirk Wakefield is warning residents about contest and check scams.

Wakefield said he has been receiving reports of people attempting to be scammed by a check writing scam over the last several weeks.

The checks look authentic. The people who send the check are encouraging those who receive the check to send them a

processing fee out of their personal account, promising additional money.

"Once they've got your money, they're done, and you get stuck with that bad check," Wakefield said.

Another scam involves a proposed contest, telling people that the check they receive will go toward their income taxes for a larger sum of money. The people who send the checks ask for money to be wired to them or a money order toward the

taxes.

"There's always something new that comes along, and if you think it's a pretty good thing, it's probably too good to be true," Wakefield said.

Wakefield said he compiles the information he receives on scams to inform his deputies and county residents, and to use at crime prevention seminars with area seniors.

"People want money so bad, that they'll do anything to get it," Wakefield said.

Beaver Creek woman dies in car crash

A 31-year-old Beaver Creek Township resident was killed in a one-car accident on Friday.

Crawford County Sheriff Kirk Wakefield said that deputies were dispatched to a roll over accident on South Oak Road between Dort Road and Fletcher Road in Beaver Creek Township at 10:20 p.m. on Friday, Aug. 31.

The accident was a single

vehicle rollover crash. The car struck several trees before coming to rest on its roof.

The victim of the fatal crash, Amanda Childs, was pronounced dead at the scene.

Childs was wearing a seat belt and the airbag did deploy, police said. It is unknown if alcohol was a factor in the accident.

The Beaver Creek Township

Fire Department and a Mobile Medical Response Unit assisted deputies at the scene.

The accident remains under investigation.

Threat of recall may add tension to decisions

LESS THAN 30 days remain in Michigan government's troubled fiscal year, with no solution guaranteed to erase an impending multi-billion dollar deficit.

The legislature and governor will come up with something during September. The state constitution requires a balanced budget, and the chasm still yawns between projected spending and revenues for the 12 months beginning Oct. 1.

It's possible any budget-balancing solution – even a temporary one – will include more state income of some sort, and may well call for new and/or higher taxes.

That's where the possibility of the citizens' recall may come into play.

An anti-tax group calling itself Michigan Taxpayers Alliance already has threatened to try to recall several legislators if they vote for higher taxes. According to published reports, the alliance has raised money and has the

paperwork all in place to pursue recall elections. The group's hit list includes about a dozen or more state senators and representatives from both parties.

Leader of the anti-tax group is former State Rep. Leon Drolet of Macomb County, a recent term limited Republican. During his six years in the House, Mr. Drolet was a loud and outspoken foe of taxes; the present recall threat is in character for him.

As an aside, Mr. Drolet was a member of the Macomb County Commission when he first was elected to the state house; once out of that job, he again was elected to the Macomb commission. His career is an example of the old adage that old politicians never die, they just run for another office.

THREATS OF RECALL certainly will play into how some legislators approach their decisions on budget voting, although almost all who are potential tar-

gets insist they won't be bullied but will "do what's right for the state."

Still, with a possible recall staring at them, human nature dictates that legislators will at least ponder what life would be like if they are kicked out of office. If recalled, members would lose at least one year of life as a legislator – or maybe three for senators – with loss of an \$80,000 a year job, and the perks and importance and prestige in the neighborhood back home.

Threat of recall may not determine how any member finally will vote, but the possibility certainly will be considered.

There is recent Michigan history on recalls. Budget woes dictated the need for higher taxes in the early 1980s, when new Gov. James Blanchard pushed through an income tax increase. Two Democratic senators who voted for the tax hike were recalled and replaced by Republicans, thus

transferring control of the state senate to Republicans who have controlled the senate ever since.

Mr. Drolet admits his group is "rattling sabers" with its recall efforts. "Our goal is to prevent taxpayers from being sucker punched when they're already struggling," Mr. Drolet was quoted in a story in *The Detroit News*.

In another story reported by Associated Press, he is quoted: "I will have the resources to put some heads on the wall. We will end the careers of some of those people who vote for a tax increase."

THE RIGHT TO seek recall of elected officials is guaranteed by the Michigan constitution in its article on elections:

"Laws shall be enacted to provide for the recall of all elective officers except judges of courts of record upon petition of electors equal in number to 25 percent of the number of persons voting in the last preceding elec-

tion for the office of governor in the electoral district of the officer sought to be recalled. The sufficiency of any statement of reasons or grounds procedurally required shall be a political rather than a judicial question." (Article II, Sec. 8)

The details are up to state law. Recall is a necessary citizens' weapon against improper, illegal, or seriously questionable actions by a public official once elected. Recall should be based on the familiar legal questions of misfeasance, malfeasance or nonfeasance.

Basing a recall drive on a single vote – either for or against any single issue, such as taxes – in my mind is a serious misuse of the legitimate power of recall.

If citizens are dissatisfied with how an office holder performs his job, vote him/her out the next time around.

We elect people to do a job. Keeping the state solvent is a job for legislators. Providing ade-

quate services to the public and raising enough money to pay for public services is the proper job for lawmakers.

If we disagree with how they decide to do this job, then replace them in an election.

If they are stealing public money, or breaking laws, or failing to do their job, or misusing the power of public office for personal or crony benefit, then go for recall.

But if we simply disagree with their decisions, which have been pursued in a legitimate manner, recall is not the proper answer. It may be legal, but it's not right.

It's an abuse of citizen power, and a disservice to the people of Michigan.

Richard Milliman is a veteran newspaperman, and a contributing columnist to several Michigan newspapers.

EDITOR

This area has proven to be the absolute worst for someone like me

To the editor:

Not that this issue has any validity in the eyes of the average citizen, but just for grins, here goes.

I have lived in Grayling for about a year and a half, having moved here with virtually nothing. All of my possessions were stolen downstate, and I relocated here to turn my life around.

I walked five miles into town in the dead of winter to find work to no avail, and have since had little success in obtaining employment.

I am looking into college, and hoping (praying) for the best.

Having a criminal record, a past criminal record for menial crimes which harmed no one, amounting to felonious acts in the eyes of Michigan Law, I am, quite frankly, handicapped in this neck of the woods. Most industrial work is gained through temp agencies who will not

assist felons in finding work. This is somewhat understandable from a liability standpoint, however, it brings a question to mind. In the event that someone makes a mistake, pays for it by losing time out of a life which has proven to be short already, upon re-entry into society, how is one expected to move on, gain prosperity, or eat for that matter, if no one is willing to provide a chance to the individual?

I've lived in a lot of areas, and this area has proven to be the absolute worst for someone like me. I have been told I have above average intelligence for someone with no college degree, so I'm hoping furthering my education is an available option. This letter is most likely a surprise to you.

I'm surprised I wrote it after checking the ads. Hopefully one of the numbers pans out.

Could the next chapter of the story end in happily ever after?

To the editor:

Once upon a time there was a beautiful little town in the midst of acres of public land in Northern Michigan. While many near and far would comment on the peace and serenity one enjoyed there, little economic benefit was derived from the property since it couldn't be developed for economic gains or taxed by the local governments.

For years the little town had thrived, but now more and more residents were having trouble making ends meet. Some feared the town might actually disappear. People had cars and drove to other towns to spend their money on food, clothes and entertainment. What was going to save them?

One day a developer arrived in town. He made the protectors of the public land promise to keep

his ideas secret while he refined them. Then, at public meetings, he announced his grand design for an amusement park: 1.8 million visitors a year, resort hotel, convention center, 200 giant windmills generating power, a WWII aircraft carrier sitting on the sands of Crawford County, the world's tallest Ferris wheel, a 500-player simultaneous video game that has never been built before, indoor surfing, nightly fireworks, 2,000 part-time and 700 full-time jobs, 220-acre campground, NASCAR track that converts to a snowmobile racing track, and roller coasters that are open throughout the sub-freezing winter temperatures. Imagine all that just outside Grayling city limits.

But if desperate times call for desperate actions, the people must have indeed been desperate.

What about the impact on the local natural resources of water and land? Somebody else will study that. What about the congestion in Grayling from the 1.8 million visitors annually? They say that's a problem to have. What about the \$5 million bond issue the developers want the local residents to assume? The county board says a public vote on the issue is not legally required. What about the nearly \$160 million the developers must raise in this economy of tightening credit? Money must be growing on all those pine trees. Will the State of Michigan contribute \$8.5 million in grants as the developer anticipates? Let's remember the States own economic crises, including a \$1.8 billion deficit. What about the failed amusement park promised by the same developer that went

bankrupt in Indiana before it opened? Local officials say that's irrelevant to local discussions so far.

And so we look forward to the next chapter of this story. Will the land be sold and these golden promises come to pass? Will the developer finally get the necessary approvals and start construction only to end up in bankruptcy once again, leaving rusting structures of a failed dream behind? Or will the people work to find a way to attract tourists who enjoy the gifts of the natural resources around them and develop, not degrade, those precious commodities?

Former Grayling Resident,
Linda G. Knibbs
Chicago

Resident's money could be put to better use

To the editor:

Think about the decision of allowing Axiom Enterprises to develop their "Main Street America" at our expense. Can you afford to pay to work at a minimum wage job? Then pay for years later because the county's money (Crawford County residents) was borrowed, they couldn't operate here and then they went out of business.

What are we left with?

1. A natural look at the deserted park on Four mile, where all of Michigan can see the disaster.
2. We will be paying for years on the debt of five-seven million

dollars, yet we have a hard time keeping money to maintain our counties' roads. For the last three-four years N. Down River Rd. has been promised to be repaved for the first time in 23 years. The road has not been repaved because we can't afford it. This is only two miles we are talking about, between Stephan and Wakeley Bridge roads.

Those millions of dollars could be better put to use than increasing the hopes of income for our community.

Janet Gildner
Grayling

Three theme park scenarios explored

To the editor:

Think about it ... three theme park scenarios.

A famous, well respected, well financed corporation, with a great track record in amusement parks like Disney, wants to build a theme park in Grayling ... chance of success is certainly high, although not guaranteed.

A well known, respected company but with no known history in amusement parks, wants to build one in Grayling ... chances of success are, at best, fair to good.

An unknown group of investors asking for millions in

financial help, led by a man involved in the complete failure and bankruptcy of a proposed theme park in Indiana and with a chapter 13 personal bankruptcy in '02, wants to build in Grayling ... chance of success?

Think about it. Do you really want to bet 13.5 million Crawford County and precious State tax dollars on No. 3? If your answer is yes, I have a slightly faulty bridge for sale.

His walk should be completed in 22 days. This is Clayton's 3rd 'Paradise to Hell & Beyond Walk'. This year he is hoping to raise funds for Michigan Hospice.

Clayton has met so many wonderful, supportive people during his past walks that he invites others to join him along the way. Walkers of any distance are welcome and there is no charge to join in and enjoy Michigan's fresh air.

Conservation district's next tree sale will be in the spring

Despite a major cut in state funding which forced a reduction in staff, the Crawford-Roscommon Conservation District continues to serve residents of Roscommon and Crawford Counties.

One casualty, however, is the district's fall tree sale, which has been canceled. The 2008 spring tree sale will be held as scheduled, and order forms will be available soon.

The district office in the CRAF Center at 606 Lake St., Roscommon, remains open. Normal hours are 8 a.m. to 3 p.m. Theresa Compton, who was laid off as district administrator in June, normally is in the office as a volunteer on Mondays. Roscommon County Recycling Coordinator is usually in the office on Wednesdays. Conservationist Jacque Korn is also there on some Wednesdays, and Roscommon County Gypsy Moth Coordinator Lucille Eisbrenner is normally in the office on Tuesdays.

If no one is at the office, residents may leave messages by calling 275-5231 or e-mailing theresa.compton@macd.org, barb.stauffer@macd.org, lucille.eisbrenner@macd.org or jacque.korn@mi.usda.gov. The staff will respond to messages as soon as possible.

The Michigan Legislature cut in half the district's \$19,200 annual funding from the Michigan Department of

Agriculture for this year and eliminated it for fiscal 2007-08. In addition to laying off Compton, members of the district board voted to forgo their own pay, retroactive to April, until the funding crisis is resolved. Each of the board's five directors has received \$35, plus mileage, per monthly meeting.

The district continues to ask residents of Roscommon and Crawford Counties for tax-deductible donations to help restore full service. Donations may be mailed to the Crawford-Roscommon Conservation District, P.O. Box 156, Roscommon, MI 48653. The district also is asking residents to contact legislators to encourage them to restore funding to conservation districts.

As a local unit of government, with a board of directors elected by residents at annual meetings, the district's purpose is to maintain and improve the soil, water, forest and wildlife resources in Roscommon and Crawford Counties. It operates recycling education and gypsy moth suppression programs for Roscommon County and links residents with other conservation service providers, such as the Michigan Groundwater Stewardship Program and the U.S. Department of Agriculture Natural Resources Conservation Service.

The Bible Speaks

Life Over Death in Christ

Romans 6:1-7 have proven conclusively that believers are dead to sin by our union with Jesus Christ. We are united by baptism of the Holy Spirit into Jesus Christ, buried with Him, planted with Him, and crucified with Him. Now in Romans 6:8-10 we are reminded not only of the victory we share in Christ over death, but also the assurance of eternal life we possess in Him.

Romans 6:8 teaches us that Christ has liberated us from death's finality; that death is plainly defeated. "8Now if we be dead with Christ, we believe that we shall also live with him." Because our union with Jesus Christ has assured us of the finality of death, it has also assured us of life through His resurrection. As Jesus said in John 14:19: "...Because I live, ye shall live also." "It is a faithful saying: For if we be dead with him, we shall also live with him." (2 Tim 2:11). "3For ye are dead, and your life is hid with Christ in God." (Col 3:3). This is why God saved us: "9In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might

live through him. 10Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins." (1 John 4:9,10).

Romans 6:9 teaches us that Christ's resurrection life has not only liberated us from death's finality, but also from death's fear. Death is powerfully defeated: "9Knowing that Christ being raised from the dead dieth no more; death hath no more dominion over him." As Heb 2:14,15 says: "14Forasmuch then as the children are partakers of flesh and blood, he also himself likewise took part of the same; that through death he might destroy him that had the power of death, that is, the devil." As our Lord said in Rev 1:18: "I am he that liveth, and was dead; and, behold, I am alive for evermore. Amen; and have the keys of hell and of death." "Wherefore he is able also to save them to the uttermost that come unto God by him, seeing he ever liveth to make intercession for them." (Heb 7:25).

Finally, Christ's resurrection has liberated us not only from death's finality and fear, but also from death's force. Death is permanently defeated by Christ's death: "10For in that he died,

he died unto sin once: but in that he liveth, he liveth unto God." (Rom 6:10). "Who needeth not daily, as those high priests, to offer up sacrifice, first for his own sins, and then for the people's; for this he did once, when he offered up himself." (Heb 7:27). "12Neither by the blood of goats and calves, but by his own blood he entered in once into the holy place, having obtained eternal redemption for us." (Heb 9:12). "By the which will we are sanctified through the offering of the body of Jesus Christ once for all." (Heb 10:10). "For to this end Christ both died, and rose, and revived, that he might be Lord both of the dead and living." (Rom 14:9). As Peter said in 1 Peter 3:18: "For Christ also hath once suffered for sins, the just for the unjust, that he might bring us to God..." As we joyfully sing: "Once for all, O sinner, receive it. Once for all, O brother, believe it; Cling to the Cross, the burden will fall, Christ hath redeemed us once for all." Pastor "B"

Buying Insurance?!

There are so many choices and decisions.

- Where should I buy?
- What's a good price?
- How much coverage do I need?
- What types of coverage?
- Will I have enough?

It can be overwhelming.

Some companies want you to believe that the only thing you should consider is cost, but insurance is much more than just premiums. Insurance is about loyalty and teamwork and community relationships. It's about stability and consistency, and finding the right coverage at the best price.

As your local independent Auto-Owners Agent we'll look at all your insurance needs. Ask us about Safe. Sound. Secure.® protection from Auto-Owners Insurance Company.

Because coverage for what took a lifetime to build, shouldn't be decided by the latest fad.

Roscommon based firm, will come in and clean the mold from the building and will remove any building materials or fixtures contaminated by the mold.

An air exchange unit, which will correct the indoor climate in the building, will then be installed. Thayer said the air exchange unit will cost about \$3,000.

remediation measures to city and township officials.

"I think it's going to be a problem that's going to be solved within a couple of weeks and we'll all be back to normal," Butcher said.

GRAYLING COUNTRY CLUB NEWS

by Donna Thomson Wednesday Ladies League

Where did our summer go? I feel like I was just writing my first column in the spring, and here we have played our last day of organized play for the year, on Wednesday, Aug. 29. Time is fleeting for sure.

Upon arrival at the club, the tables were all decorated by Nancy Hoffman, Sherry Hanson, Judy Johnston, Sharon France and JoAn Phillips. It was a nice way to be greeted, wouldn't you say? Then we enjoyed coffee and some delicious sticky buns made by Aggie Trudgeon.

We all purchased mulligans from Rhea Gierke and Gloria Neilson, that were painted markers with flowers in them. It was nice to see some beauty and have nourishment before we hit that ball.

After visiting, we went out to play a three-person scramble and all teams had been coordinated by Jeanette Kitchen. She always does a super job. The

skies were overcast, then a few dark clouds came along and dropped some rain on our last three holes, but that didn't dampen any one's spirits. We just finished and went in.

Coming to the clubhouse after our play, we enjoyed punch and some delicious hors d'oeuvres brought in by some of our members. During that time our new board members had a short business meeting, and it was then announced that President Nancy Glasslee will stay on as president for one more year, Vice-President will be Kay Ellen King, secretary will be Juanita Brown, replacing Sherry Hanson and Mickey Perez will stay as treasurer.

Juanita Brown and Shelly Cohee were in charge of favors for all attendees and everyone received five newly minted gold dollars in a mesh bag. As one member said, and I quote, "It was like getting a pot of gold at the end of the rainbow."

President Nancy Glasslee welcomed everyone and especially our past-presidents in attendance, and they were: Edie Blaha, Carolyn DiPonio, Lynda Hetrick, Sherry Hanson, Nancy Hoffman, Joyce Janca, Evie Kent, Kay Ellen King, Jeanette Kitchen, Joann Michal, Sally McNamara, Mo McNamara and Sandy Winkle. It was nice to see those that aren't able to play with us anymore. She also thanked everyone for a great year and also Chris and his wait staff, who were so helpful all

year.

President Nancy Glasslee then asked Nancy Hoffman to say grace before our feast, and as usual, she spoke from the heart with some beautiful words. We then enjoyed a taco buffet, followed by some scrumptious desserts, brought in by some of the members. Nancy Glasslee then turned the meeting over to the golf committee, and prizes were awarded by Diana Doremire.

In today's play, the winning team was Mo McNamara, Donna Thomson and Sandy Winkle with a score 37. There was also three chip-ins, one by Lynda Hetrick on #4 and Mickey Perez and Donna Thomson on #3.

Then there were prizes for the different holes.

#1 - Closest to the pin on the 3rd shot - Mo McNamara;

#2 - Longest drive - Sandy Winkle;

#3 - Longest 1st putt - Nancy Glasslee;

#4 - Shortest drive - Gloria Neilson;

#5 - Closest to the pin - Marilyn Hartman;

#6 - Closest in 3rd shot - Mickey Perez;

#7 - Closest to the pin - Lynda Hetrick;

#8 - Longest drive - Jeanette Kitchen;

#9 - Longest putt - Shelly Cohee.

Mo McNamara, our golf committee chairperson, in the last year of her reign, presented the

awards for our play all year. The league winners with the most points taken were:

In Flight A, Marilyn Hartman, 2nd place - Donna Thomson.

In Flight B, Sharon France, 2nd place - Shelly Cohee.

In Flight C, Evie Kent, 2nd place - Gloria Neilson.

Winners with low gross for the year: In Flight A, Jeanette Kitchen with 40; Flight B, a tie between Shelly Cohee and Sharon France with 47; and in Flight C, Edie Blaha with 52.

Ringer scores - most improved player: In Flight A, Marilyn Hartman by 21 points; Flight B, Sally McNamara by 34 points; and Flight C, Juanita Brown by 33 points.

There were birdie pins and markers given to Sharon France and Donna Thomson for having the only birdies this season.

Sherry Hanson, retiring secretary and past-president, presented Nancy Glasslee with a beautiful card and gift certificate for the super job she did this year.

I personally want to say that our board this year, kept everything going smoothly, and our golf committee that works so very hard to keep track of who we play with and how we've played. Also, the many volunteers who stepped up to the plate when asked for different functions. It is never an easy task; but a wonderful job was done by all, and I know it will continue with our new board and golf committee.

I sure appreciate all the kind words I receive from so many people, even some nice gentlemen. Nice of all of you to take the time. So far, nobody has gotten down on their knees and begged to replace me, so hopefully, you'll look forward to this column next May. I do enjoy keeping you informed of our golfing days and for those of you thinking of joining us, please do, we'd love to have you.

To all of you, stay healthy and God bless you all. See you in the spring.

That's all "fore" this year.

OMH receives grant towards Oncology and Infusion Therapy Clinic

Otsego Memorial Hospital (OMH) received a \$15,000 grant from the Rollin M. Gerstacker Foundation. The grant is to help assist in funding the \$350,000 renovation project for the Oncology and Infusion Therapy Clinic at OMH.

OMH has seen a significant increase in Oncology and Infusion Therapy Services in the past two years. For instance, in 2005 OMH served 473 patients for Chemotherapy treatments and this number rose to 728 in 2006. Currently, the clinic is located within the Professional Medical Building attached to OMH, but is constrained by a limited amount of space.

The clinic provides an array of services in addition to Chemotherapy, including intravenous treatments, blood transfusions and IV antibiotics. OMH anticipates the clinic will increase overall activity by an additional 30 percent in the next year, which equates to an estimated 800 additional patients.

To address the growing oncology and infusion therapy needs, OMH plans to expand the former physician office building at 701 N. Otsego Ave. "This will create more space for oncology and infusion therapy patients and provide options for future service expansions for service expansions for oncology-related services," said Christie Perdue, executive director at the OMH Foundation.

The renovations will serve to enhance patient privacy and comfort, increase patient and family

space, create two private treatment rooms for patients, reduce the number of patients who due to extended wait times or lack of space, must seek treatment elsewhere, and provide dedicated parking and onsite pharmacy, lab and dietary services. Two ways comfort will be increased are by providing a larger waiting room area and a visitor chair at each treatment station.

"This grant demonstrates a commitment from the Gerstacker Foundation in building quality healthcare," said Perdue. Mrs. Eda U. Gerstacker founded the Rollin M. Gerstacker Foundation in 1957 in memory of her husband. Its primary purpose is to carry on, indefinitely, financial aid to charities of all types of supported by Mr. And Mrs. R.M. Gerstacker during their lifetimes.

Do you use the state map? MDOT wants to hear your opinions

Even with the growing popularity of Global Positioning System (GPS) units, most motorists carry a map in their glove box. And although yours may be years old, and folded over many times, you probably use your state transportation map often to find your way and discover the great attractions of Michigan.

The Michigan Department of Transportation (MDOT) invites you to share your opinions about the state transportation map through a first-ever online questionnaire, available Aug. 6 through Sept. 7. To access the questionnaire, which takes a few minutes to complete, go to www.michigan.gov/mdot.

The questionnaire examines the features of the map, and how valuable those features are such as the mileage chart, location of state parks and hospitals and roadside parks - and how you use the map.

"The state map is an exceptional value," said State

Transportation Director Kirk T. Steudle. "We want to learn from the residents of Michigan and out-of-state travelers how they feel about the state map and how we can improve it. This feedback will be taken into account as we develop the 2008 state transportation map."

For anyone without access to a computer, a questionnaire can be requested by calling 877-627-6368. Questionnaires also will be available at Michigan's 13 welcome centers.

MDOT has published the state transportation map for nearly 90 years. It is printed every year and distributed free of charge at Michigan's welcome centers and MDOT offices. This year, the map features the magnificent Mackinac Bridge, which celebrates 50 years of service in 2007.

The results of the questionnaire, which asks about 20 questions, will be shared this fall on the MDOT Web site at www.michigan.gov/mdot.

Kirtland instructor earns national certification in massage therapy

Mary Berger is ready to take Kirtland Community College's massage therapy program to new heights.

Berger, an instructor at the college's main campus near Rosecommon for the past five years, recently earned her national certification in massage therapy.

The 55-year-old West Branch resident has also served as the coordinator of Kirtland's massage therapy program for the last four years.

"Certification is granted by the National Certification Board for Therapeutic Massage and Bodywork and is the highest professional credential in the field of massage," said Dr. Karen Brown, associate dean of instruction at Kirtland. "Mary passed the exam with a score of 'high' in every category."

In order to obtain the national certification, applicants must have graduated from an

approved program of study and then pass an exam covering body systems, anatomy and physiology, kinesiology, pathology, massage and bodywork assessment and application, professional standards, ethics, and business and legal practices.

Currently, about 2,300 students attend a variety of certificate and two-year degree programs at Kirtland's two campuses - at Rosecommon, and the Michigan Technical Education Center (M-TEC) in Gaylord - with the college's service area including all or parts of Crawford, Oscoda, Ogemaw, Roscommon, Otsego, Kalkaska, Missaukee, Gladwin and Alcona counties, and the surrounding areas.

For more information on Kirtland's massage therapy program, persons may contact Berger by calling 989-275-5000, extension 281, or via e-mail at bergerm@kirtland.edu.

AREA EVENTS

St. Ignace - 12th Annual Big Rig Truck Show is scheduled for Sept. 14 - 16. Come to see these awesome semi-trucks with customized cabs, extraordinarily

painted artwork and neon light displays. The trucks will be available for display, followed by the "Parade of Lights" across the Mackinac Bridge on Sept. 15, which promises to be the featured attraction of the show. The Parade will begin at dusk and

will run to the Little Bear East ending with a static light show. The trucks will be available for display on the 16th, followed by the Awards Ceremony.

The 16th Annual "On the Waterfront" Show and Swap Meet will be held Sept. 15 - 16.

This final auto-lover's weekend offers something for all interests: all-category car show, collectable toys and swap meet. This year's show will feature 4-door models and station wagons, plus the top ten favorites of the blend of collector vehicles. The Pedal Car/Truck segment is very popular as each year more collectors and restorers attend at Little Bear East Arena. From pedal cars to 18-wheelers, you can see everything that rolls on wheels and all of the nostalgia production events have no admission fee.

Grayling Boy Scout elected as Lodge Chief

Continued from Page 1A
Scouts at the lodge's fall fellowship meeting held on Aug. 19.

There were three lodge members vying for the position, and Shriver had to give two speeches during the election process. He received the majority vote from the two finalists following his second speech.

Last year, Shriver served as vice president for membership for the lodge, one of five officers who serve under the Lodge Chief.

Shriver outlined his goals for the Lodge during his speech, which include bolstering Scout membership and continuing to serve the community.

As part of the Lodge chief duties, Shriver will meet regularly with Scouts, business officials and community leaders. His role will also include several trips and tours in and out of Michigan, including jaunts to Indiana and Wyoming.

"I'm pretty much on the go all the time, and I'm really looking forward to giving back to the community for all that they do," Shriver said.

Locally, Shriver said that Lodge members will take part in the initiative to help maintain and enhance the Paul Bunyan Boy Scout Camp in Rose City and the Rotary Boy Scout Camp in Clare.

"They provide the supplies, and we will go at it, so they don't have to pay anyone," he said.

He is also working with members from an Ottawa Indian tribe from Minnesota, who will teach dances performed at lodge ceremonies to make sure they are done accurately.

"We want to make sure that we are not offending anyone, because our heritage is closely tied with Native American traditions," Shriver said.

On a broader scale, Shriver hopes to send a larger group of lodge members to ArrowCorp 5, an initiative done in conjunction with the U.S. Forest Service. Order of the Arrow members from across the county will travel to national parks in Missouri, Utah, Virginia, California and Wyoming over five weekends for work projects to maintain and enhance the parks.

"One of my goals is to have one of the largest contingencies and to send the most people to it," Shriver said.

Storm Shriver, a Grayling high school senior, has been involved with Scouts since he was in the first grade. He has achieved the rank of "Life" with Boy Scout Troop #995 of Grayling, which is chartered by Air Way Automation.

Jim Pickell, the scout master for Boy Scout Troop #995, has been Shriver's Scout leader for his entire career with the organization.

Pickell said Shriver's selection as Lodge Chief will be a big boost for the Grayling Scouting community.

"It's pretty exciting, and it will give him an opportunity to lead a bunch of people and represent Grayling with his travels," Pickell said. "He'll put Grayling on the board."

Shriver plans to receive the rank of Eagle by the end of the year. He helped spruce up the grounds at the Crawford County Community Christian

Help Center for his Eagle Scout project.

Dave Shriver is the charter organization representative and troop committee member for Boy Scout Troop #995.

"It's a great honor for Storm to reach the highest leadership role in the Order of the Arrow," Dave Shriver said. "This would not have been possible without the great support for Scouting from the community of Grayling, our Troop, our charter and fellow Order of the Arrow members."

Shriver plans to attend Michigan State University after graduation to study microbiology. He plans to stay involved in Scouting, attaining national leadership positions.

Lynne Shriver said she is eager for Storm to continue to forge lasting friendships with Scout officials, Order of the Arrow members and the youngsters he will mentor.

"The Scouts have been a second family for Storm," she said. "When there are new Scouts, they look up to him to learn how to do the things they need to know."

'Wolf Packs' conduct traffic enforcement

State police, sheriff's deputies and township police officers conducted more traffic enforcement zones last week.

On Thursday, Aug. 30, three cooperative enforcement zones called "Wolf Packs" were conducted on I-75.

Troopers from Houghton

Lake and Gaylord Posts of the Michigan State Police, Roscommon County Sheriff's Deputies and officers from Gerrish and Richfield Township Township Police Departments were involved in the traffic enforcement zones.

The first zone was on I-75 in

Crawford County between M-93 and County Road 612, involving both north and south-bound traffic.

The second zone was conducted on I-75 in Roscommon County at Federal Highway for north-bound traffic only. And the third zone was held in

Roscommon County at M-76 for north-bound traffic.

A total of 153 traffic stops were conducted for various violations, resulting in 123 traffic citations being issued, four complaints being investigated and 43 verbal warnings issued.

MDOT launches new traffic Web site

The Michigan Department of Transportation (MDOT) and the state's Department of Information Technology (DIT) has launched a new Web site designed to keep motorists informed about traffic and construction on state highways (M, I, and U.S. roads).

Known as "MI Drive" (<http://www.michigan.gov/drive>), the new site consolidates data from a variety of MDOT sources, including: lane closures, construction projects,

and traffic cameras in Detroit and Grand Rapids.

State Transportation Director Kirk T. Steudle noted that the "MI Drive" site is part of an ongoing effort to make Michigan highways safer and easier to drive by providing user-friendly information for Michigan motorists.

"A real team effort went into this project, but we are not finished yet," Steudle said. "Over the next six months, the team will be hard at work so that the

2008 construction season projects will be mapped, in addition to appearing in text form."

A link to the MI Drive site appears under Quick Links on the MDOT Web site at www.michigan.gov/mdot. To view images from Detroit and Grand Rapids freeway cameras, go to www.michigan.gov/drive and click on Construction & Traffic. MDOT also maintains a list of statewide lane closures online at www.michigan.gov/laneclosures.

Vikings win 31-17 at Houghton Lake with second half rally

Grayling holds Bobcats scoreless in final 24 minutes

■ *Isaac VanNuck's interception return for TD with 1:22 left helps clinch game for GHS*

Senior Staff Writer

With the help of some big fourth quarter plays – including a 24-yard touchdown run, a defensive stand on 4th and 2, a field goal, and an interception return for a TD – the Vikings of Grayling High School overcame a 17-8 halftime deficit to defeat the Houghton Lake Bobcats 31-17 at Houghton Lake last Thursday.

The victory improved Grayling's season record to 2-0.

The Bobcats led 11-0 early in last Thursday's contest after scoring a touchdown and two defensive safeties.

With the first half winding down, the Vikings got on the scoreboard with an 83-yard touchdown drive. On the first play of the possession, a big gain on the ground was called back due to a holding penalty. On the next play – 1st and 13 from Grayling's 14-yard line – quarterback Jimmy Osga passed to fullback Tim VanNuck for a 53-yard pickup. VanNuck ran for 15 yards on the next play. Three running plays brought up 4th and 3. On fourth down, Osga passed to Isaac VanNuck for a touchdown. The Vikings faked the extra point kick and holder Josh Stapleton passed to running back Ryan Cooper in the corner of the end zone for two points. With 2:35 left in the first half, Grayling trailed 11-8.

After the kickoff, Houghton Lake started at Grayling's 39-yard line. The Bobcats ran the

The GHS junior varsity football team lost to the Houghton Lake Bobcats 41-6 last Wednesday at Grayling High School.

The Bobcats scored the first points of the game with a six-play, 51-yard touchdown drive. The possession ended with a 19-yard TD pass on 3rd and 9. With the extra point kick, Houghton Lake led 7-0.

After the kickoff, Grayling started at its 39-yard line. On 3rd and 18, following an incomplete pass and a QB sack, quarterback Zach Wolcott threw a deep pass to Cody Myers for a 69-yard touchdown play. The two-point conversion attempt failed, and Grayling trailed 7-6.

and ball three times to bring up 4th and 2. On fourth down, Houghton Lake tried a rushing play. At one point, the Bobcat ball carrier seemed to be stopped, but he emerged from a mass of blockers and defenders and broke free for a 31-yard touchdown run. The two-point conversion attempt failed with an incomplete pass, and the Bobcats led 17-8 with 31 seconds left in the first half.

The Vikings were unable to answer the scoring drive in the final seconds of the quarter, and trailed 17-8 at halftime.

The Bobcats received the kickoff to start the third period. Grayling stopped two running plays for losses and forced an

incompletion to bring up 4th and 18. On fourth down, the snap went over the punter's head. The punter recovered the loose ball, and the Vikings tackled him to give Grayling the ball on downs at the 10-yard line.

Cooper ran for five yards on 1st and 10. On 2nd and 5, T. VanNuck scored a touchdown on a five-yard run. With Jason Drudge's extra point kick, GHS trailed 17-15.

On 3rd and 11, T. VanNuck sacked Houghton Lake's quarterback to force a punt on 4th and 20.

Two runs by T. VanNuck moved Grayling from its 45-yard line to Houghton Lake's 38-yard line. Runs by Cooper, T. VanNuck, and I. VanNuck brought up 1st and 10 at the 22-yard line. Runs by Cooper, T. VanNuck, and I. VanNuck brought up 1st and goal at the 5-yard line. On 2nd and goal, Houghton Lake intercepted a Grayling pass to end the drive.

The Bobcats punted the ball on 4th and 3.

The Vikings started at their 40-yard line. On 3rd and 7, Osga passed to Stapleton for a gain of eight yards. A run by T. VanNuck and two passes from Osga to I. VanNuck picked up 18 yards and a first down. On 3rd and 4, Cooper got free for a 24-yard touchdown run. Grayling tried for two points on the conversion, but Houghton Lake stopped the running play short of the goal line. The touchdown gave the Vikings their first lead of the game. Grayling led 21-17 with 10:05 left in the contest.

Houghton Lake ran for 12 yards on 1st and 10. A pass completion and a QB sneak picked up another first down. Two incomplete passes and a QB sack by T. VanNuck brought up 4th and 21. Houghton Lake punted.

After three plays, Grayling punted on 4th and 5. Matt Letts downed Stapleton's punt at Houghton Lake's 13-yard line.

Three plays later, on 4th and 2, the Bobcats went for it and Grayling stopped their running play short of the first down marker. The Vikings took over on downs 21 yards from the goal line with 3:55 left in the game.

Cooper ran for 11 yards on first down. Three running plays later, Drudge kicked a field goal for the Vikings on 4th and 8 to give GHS a 24-17 advantage with 1:24 remaining in the fourth period.

On the first play of Houghton Lake's next possession, I. VanNuck intercepted the Bobcats' pass attempt and returned the ball all the way to the end zone for a touchdown. Drudge kicked the extra point, and Grayling led 31-17.

Running back Ryan Cooper carries the ball for the Vikings on Thursday vs. the Bobcats.

Grayling's offense runs a play at Houghton Lake on Thursday night.

After the kickoff, Houghton Lake started at its 42-yard line with 1:06 left in the contest. On 2nd and 10, Stapleton made a diving catch near the sideline for an interception. The Vikings killed the final 55 seconds and won 31-17.

On offense, Osga finished with 105 passing yards and one TD. Cooper rushed for 102 yards and one touchdown on 21 carries and T. VanNuck had 53 rushing yards and one touchdown on 13 carries. T. VanNuck added 60 receiving yards on two catches and I. VanNuck caught three passes for 30 yards and one TD.

"Our offense took a while to get going and we have to give Houghton Lake credit for coming out and handling us in the first half. They flew around and stuffed our run game and we did not connect on some open passes. We need to execute better from the beginning and eliminate putting our defense into bad field position," Coach Ben Brock said.

On defense, T. VanNuck finished with 14 tackles and 5 sacks. Geo Bindschatel had 11 tackles and 1 sack. Tory Myers had 8 tackles and 2 sacks, and Adam Gabriel had 8 tackles.

"Our defense controlled the game the entire night. We finished with nine sacks and two interceptions. Defensive coordinator Tim Sanchez had a great game plan and he executed it perfectly in the second half. We limited Houghton Lake to minus 12 yards rushing in the second half and they only finished with 34 overall. Tim VanNuck stepped up big tonight with 14 tackles and five sacks on defense. He also had 113 yards running and receiving and scored on a five-yard run. Geo Bindschatel also had 11 tackles and a sack. Isaac VanNuck had an interception that he returned 56 yards for a touchdown and Josh Stapleton also sealed the victory with an interception," Coach Brock said.

"This is our first victory over Houghton Lake in three years. They have good athletes that will get better as the year goes on. Still, our kids put in too much time in the off-season to lose tonight. Our will power and conditioning took over in the second half and that is definitely a strength that we have," Coach Brock said. "Now we begin our league play where we have business that we know we need to take care of. We will go back and look at film to make corrections and make sure that we are ready to go next week. We overcame a lot of adversity tonight and this will make us a better team in the end."

The Vikings will play their league opener on Friday, Sept. 7, at 7 p.m. at East Jordan. Grayling will host Elk Rapids on Friday, Sept. 14.

TIM VANNUCK

Tim had 15 tackles and 5 sacks on defense. At fullback, he had 113 total yards (53 rushing and 60 receiving) with a 5-yard rushing TD. Tim showed tonight why he was all-state in 2006. He took it upon himself to drag multiple defenders while running the ball and catching passes. Then he crushed opponents at the linebacker position with 14 tackles and 5 sacks. Tim made a huge statement tonight and this all comes due to his year-round lifting and conditioning program he utilized in the off-season," his coach said.

Once called "the school-master of the people," today's newspaper is one of the many forms of information and entertainment. But as an educational tool, the newspaper still stands alone. Children can learn from the article in front of them, and from the relation of that article to others in the same paper. The newspaper is a window on the world, composed of many pages. Camp Grayling won't be considered on a list of possible sites for a new light infantry division, according to U.S. Senator Carl Levin. It will be tough to improve on the 7-2 record Grayling earned last year, but the 1984 version of the "Green Machine" may be able to do it. The Vikings return 15 letterman from last year's squad

The GHS girls basketball team enjoyed their best season ever last year with a 15-5 record and they're aiming even higher this season. RECIPE OF THE WEEK

Georgia Peach Cobbler

- | | |
|-------------------------------|-----------------------------|
| 8 cups sliced Georgia peaches | 1 tsp vanilla flavoring |
| 2 cups sugar | 1/3 cup butter or margarine |
| 3 tbl all-purpose flour | Pastry for double-crust pie |
| 1/2 tsp nutmeg | Vanilla ice cream |

Combine peaches, sugar, flour and nutmeg in a Dutch oven; set aside to allow syrup to form (approx. 15 minutes). Bring peach mixture to a boil; reduce heat to low, and simmer 10 minutes or until peaches are tender. Remove from heat and stir in vanilla and margarine. Roll half of pastry to 1/8" thickness; cut into a circle to fit a two-quart baking dish. Spoon half of mixture into lightly buttered baking dish; top with pastry. Bake at 475° F. for 12 minutes or until lightly browned. Spoon remaining peach mixture over baked pastry. Roll remaining pastry to 1/8" thickness and cut into 1" strips; arrange in lattice design over peaches. Bake an additional 15-20 minutes until browned. Allow to cool slightly before serving. Serve with vanilla ice cream.

March 21- April 19 All right, Aries! Home improvement plans go smoothly, and the results are stunning. An avenue at work opens up. Jump in and strut your stuff.	 June 22- July 22 Shucks, Cancer. You wish there was another way, but there isn't. Keep plodding along, and you will succeed, perhaps even sooner than you think.	 September 23- October 22 Hurry, Libra, and pull out of a sticky situation at work while you still can. Someone in authority is watching. A legal loophole is a saving grace.

Your proposal is well received by everyone, and you are given the green light to pursue a project. A relationship deepens.	 August 23- September 22 Ugh, Virgo. Work objectives accrue, and you must engage the help of someone you would rather not. Tact and diplomacy are key to getting through the situation.	 November 22- December 21 Your desire to get ahead is achieved. Throw a little party to celebrate, Sagittarius. A learning opportunity presents itself. Get ready to add to your knowledge bank.
